national volunteer week

"Lois is a valued member of our team at the City Mission Friendship Centre. She comes every Monday and tirelessly makes sandwiches for the elderly folk in our community who join us for our entertainment afternoons. Lois is always cheerful and works well with the other volunteers in our Monday team. I would like to see Lois publicly recognised for her commitment to us as we certainly love having her here. I understand Lois also volunteers her time with Plant to Plate and also with Marion Kennedy."
