

"Krys Baker has been a long term supporter of the health collective- she has volunteered countless hours. Through spells of poor health she has always endeavored to support staff and be avaliable where possible to ensure the success of the organization. She has done Pamphlet drops, volunteered at events and always been avaliable to use her scooter to lug around gear. Krys brought her strong passion for women, women's rights and equity to everything she has done. She has recently stepped down from the Collective and we honour the legacy of strength she has left."
