

"Phil is an absolute star at the senior hub exercise classes. He volunteers twice a week here as well as maintaining our gardens and outside space. He never complains and brings in his own weed sprays and equipment without being asked. His bubbly personality shines and the seniors love having him as apart of our team. Phil uses his initiative and is always encouraging to our members. Whenever we have extra events he's always there to lend a hand and we couldn't run this place without him."
