

VOLUNTEER RECOGNITION EVENT
PN | MANAWATŪ | HOROWHENUA | TARARUA

Te Wiki Tūao ā-Motu
national volunteer week

"Hazel has worked as treasurer for the unit while working a full time demanding job as a Nurse, where she is often the only one in charge of a busy nursing home. So demands on her time and energy are often in overdrive. Although voluntary she has had to meet requirements of a system that does not always realise the work involved or the time necessary to complete the required business. She has worked tirelessly and selflessly, giving 110 percent to everything that she does. She is a pleasure to work with and her knowledge and experience is never pushed but offered. I don't know where we would have been without her commitment to the unit. This year sees her finally having to step down and pass the baton on. This would be an amazing way to be able to thank her and show her that her contribution over the years has been enormously appreciated. She is a remarkable woman who is very humble and gives so much. She deserves some recognition for what she gives to the community in all her roles in life."
