national volunteer week

"Judie has been an outstanding Special Purpose Volunteer and does a huge variety of tasks for the Red Cross Pathways to Settlement Team to aide in the setting up of houses for all former refugee families to Palmerston North. She sorts donations from the public, assembles household goods and transports them to houses, assists with house set ups, does property inspections, sewing projects, admin support and assembles school packs for the children. Judie's passion, enthusiasm, reliability, sense of humour and support is greatly appreciated and invaluable to the Red Cross Refugee Resettlement Programme and we would be lost without her!"
