"Grant is an inspiration to our organisation, and the wider community. At the age of 78 with arthritic knees he walks 3.8km to his volunteer role at Volunteer Central 3 times per week for his shifts of four hours. Grant started out as Man Friday, then as other shifts became available he became Boy Monday and Teenage Tuesday! Grant always comes with a positive attitude, a sense of humour, a willingness to learn, and a wealth of knowledge. Whenever we host formal or informal community events celebrating or raising the profile of volunteering Grant is keen to be part of it - even barbequing for the US Navy! Thank you Grant for all you do for volunteering, Whatunga Tuao | Volunteer Central, and the Palmy, Horo, Manawatu, and Tararua communities."
