

VOLUNTEER RECOGNITION EVENT
PN | MANAWATŪ | HOROWHENUA | TARARUA

Te Wiki Tūao ā-Motu
national volunteer week

"Repair Cafés are free pop-up events where local people bring in their broken and damaged belongings and local volunteer experts do their best to repair them. Palmerston North Repair Café launched September 2022 at Te Manawa Museum with the support of Environment Network Manawatū, PNCC, MENZSHED, SuperGrans Manawatū and other community organisations.

Since its inception, the café has been organized and run by a team of eight volunteers who meet every month, discuss logistics and details, and ensure the events are useful and enjoyable for all who attend on the day. Their dedication and drive help reduce items going to landfill, encourages people learn to repair things and create an amazing space for community cohesion."
