

VOLUNTEER RECOGNITION EVENT
PN | MANAWATŪ | HOROWHENUA | TARARUA

Te Wiki Tūao ā-Motu
national volunteer week

"Pat was instrumental in establishing the Digits Charity in the Manawatu in 2015 and was part of an integral group of like minded individuals to form a working group with the vision of digitally enabling qualifying families who have school aged children in providing them with take home technology. This enabled family/whanau to leverage the social and educational benefits that technology can provide. In 2020 Pat took on the role as Chairperson and has helped guide their 1 staff member to many successes and also provides sound governance at the board level. Pat has seen changes in the Digits journey as it evolved to more inclusive projects along the way which he has always been open to explore. Pat is a fantastic team member with a positive outlook and has worked tirelessly to get Digits to the successful level it is now."
