national volunteer week

"Treva Wilson is a founding member of the day club and has been a tireless, constant and much valued volunteer for the last 34 years. Treva's day club day begins very early helping to set up the daily activities, then driving locally and sometimes out of town to deliver guests to the club. Treva is loved by guests and volunteers for his quiet sense of humour, patience and kindness. His wisdom and good sense is much appreciated by committee members. Treva will be 97 this year."
